Some Benefits of the Monthly Payment Option:

Convenience

- Most transactions are approved with a simple one-page application
- No need for a trip to the bank, extensive business plans

Preserve Cash / Capital

- Cash tied up in fixed assets is no longer available to finance important profit generating areas such as additional labor, inventory, marketing, etc.
- Many customers simply want to preserve a "Cash Cushion" for comfort
- Established lines of credit with banks and other financial institutions are also preserved

100% Financing

- Many banks require down payments of 20% or more
- Costs such as sales tax, installation and training can be included
